Dear Anne:

Not for publication BUT I have a New Orleans book almost finished coming basically from what I had planned for WHITEWASH III. I have a tentative contract with a publisher, an agreement for the commercial publication of WHITEWASH II, an agreement for a book on Manchester which I should have completed by now and must finish within six weeks' hence, I can only say that the contents of your letter of the 4th are more than noted, deeply appreciated, and your request will be honored with the greatest of pleasure. So please understand why I cannot write more.

Sincerely,

Harold Weisberg
